

NDSS

SYMPOSIUM/2023

27 February – 3 March 2023

Catamaran Resort Hotel & Spa,
San Diego, California

The 30th Annual Network and Distributed System Security Symposium

The NDSS Symposium is a leading global security conference. It fosters information exchange among researchers and practitioners of computer, network and distributed system security and encourages and enables the Internet community to apply, deploy, and advance the state of practical security technologies.

What to Expect

- Five-day hybrid event including three days of the main NDSS Symposium and two days of co-located workshops and symposia.
- Events totaling over 120 peer-reviewed papers.
- Invited speakers who are leaders in the field of systems security.
- Sponsor booths.
- Poster sessions.
- Networking breaks, lunches and socials.

Attendees

Attendees include those interested in the practical aspects of network and distributed system security, with a focus on actual system design and implementation from around the world:

- University researchers, educators and students.
- Chief Technology and Privacy Officers.
- Security Analysts and System Administrator.
- Operations and Security Managers.

Sponsorship Opportunities

Sponsors of the NDSS Symposium will receive:

- Visibility and recognition among leading security researchers and practitioners.
- Opportunity to demonstrate your organization's support for emerging research and the next generation of leaders in the security field.
- Access to security experts for recruiting purposes.
